

Benji's No-Hassle Plant Rental

Benji makes it easy to get plants in your office space. If you don't want to buy plants and pots, you can rent them! Renting plants comes with no hassle, we'll work with you to decide what plants are right for your space and then we'll come to your office for the installation. You then pay a monthly fee to have the plants in your space. You can cancel any time.

1. *What plants can be rented?*

Any plants and pots that are available to buy from us can also be rented.

2. *Can I choose the pots?*

We work with Canada's largest providers of pots and containers. You can choose from Lechuza, commonhouse or Veradek pots.

3. *Who maintains the plants?*

Benji's will maintain the plants that you rent from us. We will send a technician on a regular basis, either weekly or bi-weekly depending on what plants are installed.

4. *How much does it cost?*

The cost to rent plants will depend on the number of plants being rented. There is a one-time setup cost that ranges from \$200-600 depending on the number of plants.

Renting plants is a cost-effective way for having plants in your office for shorter periods of time. It saves you from having to pay for the plants and containers upfront.

5. *What happens if I decide to cancel?*

No problem! Let us know by emailing hello@benjis.com that you'd like to cancel, and we'll come by to remove the plants from your space before the end of the current month. The month in which you cancel will be your last billing period, there will be no pro-rating for the final month.

6. *What forms of payment do you accept?*

We accept credit cards (auto-billing) and post-dated cheques.
